BAIC X5

THE POWER OF SECURITY YOU NEED

The 1.5-litre turbocharged engine is a collaboration between German and Chinese engineers. The power unit delivers an impressive 177 hp and 305 Nm of maximum torque.

BAIC X3

MADE FOR YOU

This versatile SUV boasts an unbeatable price/performance ratio. Even in the base trim you'll find features that are usually only available at an extra cost with most other brands.

BAIC X7

STYLISH SUV FULL OF TECHNOLOGY

In every BAIC X7 you will find all the solutions you need even the most demanding drivers and passengers. Just choose your body colour. And you're done!

BAIC X3

MADE FOR YOU

Whichever way you look at it, the versatile BAIC X3 SUV is a model of practicality. The black plastic on the sills and wheel arches gives the body an attractive appearance and visually lightens it, but above all protects it from possible mechanical damage. A major advantage of the BAIC X3's tall bodywork is the ease of entry to get in and out of the car. You'll also appreciate the higher driving position and the excellent visibility for following the road.

BAIC X5

THE STRENGTH AND SECURITY YOU NEED

The 1.5-litre turbocharged engine is the result of a collaboration between German and Chinese engineers. The power unit delivers an impressive 177 hp and 305 Nm of maximum torque. This enables the BAIC X5 to accelerate from 0 to 100 km/h in just 7.8 seconds. Thanks to numerous support systems, you will feel confident even in heavy city traffic. You'll be supported on the road by 5 cameras monitoring the vehicle's surroundings, 12 ultrasonic sensors and the 5th generation Bosch radar monitoring the distance to other vehicles and objects on the road.

OFF-ROAD MODELS

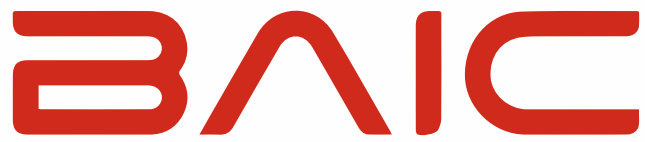

Coming soon to the Czech market!

The BAIC BJ40 is a rugged off-road SUV with iconic looks and a removable roof, ideal for adventure enthusiasts looking for a vehicle capable of conquering the toughest terrain. With a powerful engine and solid off-road capabilities, the BJ40 SE can tackle any condition. On the other hand, the BAIC BJ60 offers greater comfort and advanced technology, making it a more luxurious off-road SUV that combines power with a spacious interior and advanced equipment. Both models deliver superior performance and attractive design, making them a great choice for a variety of customer types.

BAIC

A CHOICE THAT MAKES SENSE

HISTORY

BAIC (Beijing Automotive Industry Holding Co., Ltd.) is one of one of the oldest automobile manufacturers in China, founded in 1958.

BAIC, which offers the widest range of cars of any Chinese car brand, is also the third largest car manufacturer in China in terms of sales.

The BAIC Group invests in research and development projects at its global research and development centre in Beijing and also research and development centres in Silicon Valley in the US, Spain, Italy and Germany.

Based on more than 60 years of experience and more than 31 million vehicles produced, BAIC Group provides comfortable and convenient and reliable travel for drivers and passengers in more than 100 countries around the world. Every year, around 100,000 vehicles leave the BAIC Group's factories one and a half million vehicles each year.
